

# Tulip Festival Brochure/Website

Pretend that you are the director of the Tulip Festival in your area. Design the brochure that will let everyone know what is going on, where it is going on and how much it will cost.

Use festivals from [www.worldtulipsummit.org/membercountries](http://www.worldtulipsummit.org/membercountries) as a guide. Create an accompanying logo for the festival.

Topics in brochure/website should include:

Logo

One interesting way to make a brochure is to take a 11 x 14" piece of paper. Cut an angle from about 6 inches up on the 11" side to the top corner of the other side. Then fold the paper like you would a fan. The top portion of the brochure will have a very interesting look.
